

3 year commercial guarantee

Extending your warranty with us is a no-brainer!

For just 20% of the gross price We'll cover your tv for a further 2 years

This leaflet is intended to demonstrate the incredible value of our 3 Year Guarantee. Under recent legislation, we are obliged to point out that you obviously do not need to purchase an extended warranty at the same time you purchase your electrical goods and are entitled to shop around.

We have been encouraging our customers to do just that for years because, not only are our prices significantly cheaper than our competitors, but just look what else we include...

- **Like for like machine replacement**

Naturally, models do change so, while we can't guarantee that it will be the same model, we do guarantee that it will have equivalent specifications.

- **Full parts and labour cover**

If your unit goes wrong we'll fix it. No quibbles and no fuss. See our very reasonable terms & conditions overleaf.

- **TV Collection/ Return Service (32" and over)**

Carting a screen around can be a tricky business. To save you any unnecessary hassle, should your screen need repairing, we'll pick it up from your business and return it as soon as it's ready.

- **45 day cooling off period**

If you're not happy with our 3 Year Guarantee package just ask for a full refund - no questions asked. After 45 days, providing no claim has been made, you can also terminate the agreement and receive a pro-rata refund.

Our 3 year guarantee plan is unbeatable value

On the odd occasion when we've forgotten to offer this service, it has led to actual complaints - customers are no fools, they know value for money when they see it!

Just compare the price to that of our competitors or the huge cost of repairing a TV, and we're sure you'll agree, our cover is incredible value!

Your Rights

Purchasing 3 Year Guarantee does not affect your statutory rights.

Further info on your rights can be obtained from your local Trading Standards dept.
